On September 14, 2012, the Manatee County Health Department will begin offering flu and pneumonia vaccines.

The influenza vaccine is available for everyone age six months and over. The influenza vaccine is free for children age six months through eighteen years and costs \$25.00 for adults age nineteen years and older. FluMist nasal spray will also be available free of charge to children age two through eighteen years.

The pneumonia vaccine is available for adults age sixty-five years and older at a cost of \$40.00.

No appointments are necessary. Clients are first come, first served.
